

DTT Journal & Abstracts

Diabetes Technology & Therapeutics

Diabetes Technology & Therapeutics is the official journal of ATTD.

Led by Editor-in-Chief Satish K. Garg, MD, Diabetes Technology & Therapeutics is the only peer-reviewed journal providing information on new devices, drugs, drug delivery systems and software for managing patients with diabetes.

This leading international journal delivers practical information and comprehensive coverage of the latest technologies and therapeutics in the field. Each issue highlights new pharmacological and device developments to optimize patient care.
