

Tech Fair Sessions Timetable

A showcase of cutting-edge technologies in diabetes.

The International Fair of New Technologies in Diabetes at ATTD brings you the latest discoveries and technological advances in the field. We showcase the pipeline of start-ups, research centers and companies, so they can get your feedback, and work with you to speed up development and to improve their innovations.

Whilst you wait to see which companies will present in 2024, check out the companies which were selected for the [ATTD Tech Fair 2023!](#)
